STAGE PLOT

BIOGRAPHY

Fronted by the charismatic Loly Toirac, Loly y sus Atrevidos de la Bachata have been wowing audiences in Cuba with Loly's original tunes since 2005. One listen to the Caribbean-infused, Cuban melodies and rhythms and your hips will be in motion.

With smiles as intense as the Cuban sun and sensual dance moves that are their birthright, the band delivers a high-powered live performance. Loly is a dynamo on stage, establishing an immediate connection with his audience that transcends language barriers.

A self-taught musician and singer-songwriter, Loly has more than 100 songs to his credit. He draws on personal experience to craft lyrics of passion, love, deception and heartbreak, set to upbeat melodies and rhythms. His inspiration springs from women who touch his heart whether through fleeting glances, casual conversations, friendships or deeper relationships.

Caminando entre Espinas is the band's third CD. It was produced and recorded in 2015 at EGREM's Siboney Studios in Santiago de Cuba – a first for a band from Baracoa.
